"FLYING BEAUTY SQUAD" OF SUFFRAGISTS MAKES TRIAL MARCH

"Flying Beauty Squad." Left to right: Miss Molly Wade, Mrs. Florence Morrow, Miss Margaret Gordon and Miss Blanche Waters.

These four pretty girls, composing the "Flying beauty squad" of the Congressional Union for Woman Suffrage, have just finished their job as pathfinders for the envoys of the women of the western voting states, who, having made the trip from California to the District of Columbia by auto, will enter Washington December 6, bearing resolutions on the Susan B. Anthony amendment for President Wilson. The two envoys will be met on the outskirts of Washington by hundreds of suffragists and the "Flying beauty squad," which recently made a trial march over the route to determine the time it will take. They found it a long hour and a half's job.

LADY SCHOOL TEACHER IS GIVEN HER FREEDOM

As Gilmer County Grand Jury Fails to Indict Her for the Murder of a Child.

PUBLIC HANGING.

(By Associated Press.)
SNOW HILL, Md., Nov. 27.—Several thousand persons witnessed the hanging Friday of Frank Grano, who murdered three persons near this place last September. The scaffold was erected in the woods near the county almshouse farm and every tree that afforded a view of the gruesome spectacle was loaded down with onlookers.

It will be remembered that the body of an infant, a boy about six weeks old, was found floating in the Little Kanawha river just below the Braxton county line, by a deputy sheriff. At a coroner's inquest it was determined that the babe came to its death by drowning and the crime was traced to Miss Wilson. She was seen at Burnsville the day before with a child, and the day after the finding of the body she was at her home in Clay county, and the child was missing. She was arrested and placed in the Glenville jail. Before the grand jury no witnesses were found who had ever seen the mother and the child in Gilmer county.

A case that attracts unusual attention among attorneys will be tried here during the present term of the circuit court. It is that of John Hooper, charged with incest. Hooper and his sister have only recently moved to Gilmer county. The child was born two months after the removal, the couple having come from Lewis county. The question is the place of the commission of the crime. Hooper was indicted at this sitting of the grand jury.

Clarence Parker was placed on trial in the circuit court here for the murder of Edwin Miller. At a former trial the jury failed to agree, nine being for acquittal and three for conviction. The trouble that led up to the shooting was over a line fence between the farms of the two. Parker claims the shooting was in self defense.

LOW SPIRITED

Are German Soldiers in Russia as They Must Face Cold Weather There.

(By Associated Press.)
PETROGRAD, Nov. 27.—Germans who have been taken prisoners along some parts of the line represent the German forces to which they were attached as low spirited in view of the knowledge that the rigors of the coming winter have to be faced. This feeling has been particularly noticeable, according to the prisoners' statements, since Russian successes at many points on the line have compelled the retirement of the Germans from comfortable trenches. Many detachments are said to be unable properly to dig in, owing to the freezing of the ground and must spend the winter virtually on the surface.

TURNKEY

Trial Shows Procured and Chartered Six of Fleet of Sixteen Vessels.

(By Associated Press.)
NEW YORK, Nov. 27.—One man alone, John J. Turney, of Philadelphia, procured for and chartered the Hamburg-American line in the early stages of the war six of the fleet of sixteen vessels, which the government charges the line with having sent to the relief of German cruisers in the Atlantic and Pacific.

This development in the trial on charges of conspiracy of officials of the line came from the witness stand Friday and from the lips of Mr. Turney, a frankly hostile witness. The concession of the defendant introduced at an earlier date shows that the line spent \$645,000 for charters alone in the case of those six vessels. The total cost including supplies was \$689,673.

Amsterdam in 1914 had more than 100,000 population.

YOUNG MEN CAUGHT

By Prohibition Deputy for Having Whiskey in a Public Place.

Accused of violating the prohibition law by carrying pint bottles of whiskey in a public place, C. R. Haddert and Dorsey Norman young men of the city, were arrested and jailed Thursday by J. Walker Bee, of Parkersburg, deputy state commissioner of prohibition. The officer says he caught Norman in the act of selling a bottle of whiskey to Haddert in a basement of a local hotel. When both were searched, Mr. Bee says, Norman had two pint bottles of whiskey in his pockets and Haddert had one pint bottle in one of his pockets. An additional charge of selling whiskey is to be made against Norman, according to the prohibition officer.

The patrol wagon in which Bakowa was taken to the hospital was disinfected by a police physician and temporarily retired from service. Undertakers refused to prepare Bakowa's body for burial and a man trained at the Pasteur institute did the work.

SERIOUS SICKNESS

By Being Constantly Supplied With
Thedford's Black-Draught.

McDuff, Va.—"I suffered for several years," says Mrs. J. B. Whittaker, of this place, "with sick headache, and stomach trouble.

Ten years ago a friend told me to try Thedford's Black-Draught, which I did, and I found it to be the best family medicine for young and old.

I keep Black-Draught on hand all the time now, and when my children feel a little bad, they ask me for a dose, and it does them more good than any medicine they ever tried.

We never have a long spell of sickness in our family, since we commenced using Black-Draught."

Thedford's Black-Draught is purely vegetable, and has been found to regulate weak stomachs, aid digestion, relieve indigestion, colic, wind, nausea, headache, sick stomach, and similar symptoms.

It has been in constant use for more than 70 years, and has benefited more than a million people.
